

A&G POLICY

Written by: Eeva Sampka

Approved by: Martin Meristo

Käup: 02.12.2021

A&G AS performs as a contract manufacturer in medical- and electromechanical assembly and extrusion of profiles.

Implementation and of current policy is provided and ensured by QMS.

Main priorities of A&G QMS (procedures) are:

- To analyse customers needs and when possible, offer only the best working solutions;
- To follow and act according to legislation and requirements by QMS related standards and regulations as: ISO 13485 and FDA21CFR820.
- To provide continuously QMS related trainings to our employees.
- To proceed in excellent quality, -operative, environmental friendly and safely way.

Martin Meristo
Operations Director
A&G AS
